

MINISTER ARRESTED

arged With the Murder of the Beautiful Miss Reichlin, of Lorain.

hounde Put on the Trail Today, Ran Back and Forth Between the Rooms of the Victim and Her Alleged Assailant. Protesta Innocence.

May 2—An arrest has been made in the Reichlin murder. Rev. F. Waiser, of Toledo, is in custody charged with the murder. Blood hounds were put on the trail this morning and ran back and forth between the rooms of Reichlin, the victim, and Father Waiser. They paid no attention to the ward or to the scent on the floor by which the murderer was led to have reached the bed of Miss Reichlin. After a long case with the county district attorney, Mayor King issued the warrant. Rev. Waiser was taken to St. Joseph's Hospital and subjected to arrest. There is excitement in town and it was expected that a demonstration would be held. Rev. Waiser was taken to the county seat and lodged in the jail. A warrant said prosecutor

Straup, "charges Rev. Waiser with murder in the first degree, in having caused the death of Agatha Reichlin. We believe there were sufficient grounds for the issuance of the warrant. Rev. Waiser and Casimer Reichlin stated they went to bed early. We knew people were up in the house just before the murder. Contradictions in statements were thought sufficient ground for arrest." When arrested, Rev. Waiser looked dazed but said "You are wrong, officer you have arrested an innocent man. His friends bade him good bye without much show of emotion, except one venerable woman who kissed him and said 'Father, we don't believe it.' Father Reichlin cut all questions short by saying 'We must await developments.' Father Waiser says his arrest ten years ago at Clinton, Mo., was on a charge of cruelty to an orphan girl. He was acquitted, he says, and complimented by the judge.

OFF FOR THE WEST.

Cleveland, O., May 2.—The famous Cleveland Grays, one of the best known military organizations in America, departed on a special train today on a jaunt to the Pacific coast. The trip is taken in conjunction with a number of other prominent military organizations of the East, including the Ancient and Honorable Artillery of Boston, the Governor's Foot Guard of New Haven and the Richmond Light Infantry Blues. The itinerary provides for stops on the trip to and from California at Kansas City, Topeka, Santa Fe, Denver, Colorado Springs and other important points.

ACCUSED MAN

Forced to Gaze Into the Disfigured Face

Of James E. McMahon Whose Lifeless Body Was Found in His Railway, Yesterday.

New York, May 2—Forced to stand beside the coffin in which rested the body of his alleged victim and to gaze down at the disfigured features of the dead man, Daniel Kennedy, accused of the murder of James Edward McMahon, contractor and brother of the well known Tammany leader, had an experience this morning that tested his nerves to the collapsing point. It was a modern application of the "blood test" of medieval times, but through it all Kennedy denied that he killed McMahon.

JURY

Has the Case in Hand

After a Fight

In Which the Attorneys Have Struggled.

Matters in Court Have Been Extremely Dull For Twenty-four Hours

But the Criminal Term Is Approaching and There Will Soon Be Something Doing of General Interest.

The civil case which has engaged the attention of the petit jury for the past two days, is nearing conclusion. Judge Cunningham having delivered his charge at one o'clock. The amount involved is not of great amount, but the contention of the parties at law, has been vigorously fought.

The commissioners held a hearing of the joint county Kohl ditch which Putnam and Allen counties are interested, and the prayer of the petitioners was granted. The hearing in the engineers report will be held at Ottawa, on the 3d of June.

Want Estate Divided.

The filing of a petition in common pleas court, yesterday, asking for the partition of the Erick estate in Marion township, is of importance, as the decedent had a considerable amount of property which the heirs now ask to be divided. The title of the petition is Frank Erick vs Emma's Leo and several others.

REMAINS

Of Joseph Morris Consigned to Rest This Afternoon.

Shawnee Commandry, K. T., and Members of Mart Armstrong Post Attend Services.

The funeral of Joseph Morris, the veteran lumber merchant, whose death occurred at his late home on north West street, last Monday afternoon was held from the residence at 2 o'clock this afternoon, the services being conducted by the Rev. G. F. G. Hoyt, rector of the Christ Episcopal church. Members of Shawnee commandry, Knights Templar and of Mart Armstrong Post No. 203, G. A. S., attended the funeral in a body. The remains were consigned to a resting place in Woodlawn cemetery.

A BUND FORMED.

Buenos Ayres, May 2.—At a conference held here today the preliminary steps were taken for the establishment of a German association in Argentina. The object of the movement, which is attracting wide attention, is the formation of a close union between Germans and descendants of Germans living in Argentina, for protection in event of abuse by the Argentine authorities or misadministration of justice. The promoters of the movement declare that the association has no intention of disputing Argentine sovereignty or of asking aid of the German government.

IN MEMORY

Of Southern Heroes, a Monument is Erected.

Baltimore, Md., May 2.—The handsome Confederate monument erected in Mount Royal avenue by the Daughters of the Confederacy was unveiled today with interesting ceremonies and in the presence of a large throng of spectators. Captain G. W. Booth, of the Maryland Society of the Army and Navy of the Confederate states, made the presentation speech and the oration of the day was delivered by Captain McHenry Howard.

The monument is the work of Sculptor F. W. Ruckstuhl. The base is of highly polished Missouri granite. The monument itself is of bronze and consists of the figure of a young soldier, wounded and dying, but supported in the arms of Fame. On the front face of the base is the inscription: "To the soldiers and sailors of Maryland in the service of the Confederate states of America, 1861-1865."

PROGRAM

Of Unusual Brilliancy and Artistic Musical Merit

Will Be Heard in the May Festival Next Wednesday Evening. The Numbers.

The singing to be heard in the May Festival next Wednesday evening promises to be the finest ever heard in Lima. The numbers in the first part of the program have been admirably selected, and the arrangement is excellent opening with that soft soothing chorus of Leslies, "Lullaby of Life" and closing with Protheroe's "Nuns of Nidaros" being a musical arrangement of Longfellow's beautiful poem of that title. Gounod's "Lend Me Your Aid" is one of the grandest tenor solos written, and Mr. Beedoe has been highly praised for his rendition. The press freely compliments Miss Tudor upon her singing of Haydn's "My Mother Bids Me Bind My Hair" and every number on the program will be a delightful one. The "Hymn of Praise" is not so long an oratorio as is usually given in the May Festival, but Beedoesohn put some of his best work into it, and the opening and closing choruses are magnificent in their intensity.

The following is the program that will be presented:

Part First. Four Part song "Lullaby of Life" Leslie Mixed Voices. Soprano Solo (a) "My Mother Bids Me Bind My Hair" Haydn (b) "Beloved, It is Morn," Aylward Miss Tudor. Ladies Chorus (a) "Bells of Aberdovey" Davies (b) "In May" Parker Tenor Solo "Lend Me Your Aid" Gounod Mr. Beedoe. Male Chorus (a) "Leonora" Davies (b) "Nuns of Nidaros" Protheroe

Part Second. "Hymn of Praise." The box office will be open at 9 o'clock Monday morning for holders of advance sale tickets.

SCOURGE OF CANCER

Marked by the Steady Increase in Mortality From the Disease.

Special Report Just Made in England Shows With Alarming Facts and Figures, How Widespread Cancer Has Become.

London, May 2.—Some most impressive and alarming facts and figures, showing how widespread cancer has become, are contained in a special report just issued by the Registrar General of marriages, births and deaths in Ireland. Ireland lost nearly 3,000 of its citizens through cancer in 1901, being at the rate of 65 per 10,000 of the population in County Armagh the death rate is as high as 102.

The steady increase in the recorded mortality from cancer in all three portions of the United Kingdom is very remarkable, and, in fact, all Europe tells the same tale. The mortality is growing year by year, in spite of all medical science can do. In Bavaria the rate has risen during the past ten years from 8.9 to 9.9, in Holland from 7.9 to 9.3, in Norway from 6.1 to 9.2, in Austria from 5.4 to 7.0, in Prussia from 4.5 to 6.1 and in Italy from 4.3 to 5.2. The same steady increase is recorded in America. Women suffer slightly more seriously than men, and the disease is most fatal in those advanced in life. In many cases those attacked are carried off with remarkable rapidity. In 1901 776 persons in Ireland were not ill more than six months; and 875 for less than a year. No explanation is furnished of the fact that the disease is most fatal among farmers and laborers.

The observation of registrars may or may not be of great medical value, but it is not without interest to note the general opinion that the disease attacks most frequently those who live in damp houses or who reside in a district with a damp subsoil, while hereditary tendencies exist in many cases. Many of these reports attribute the prevalence of cancer to the clay pipes, often disty, which the small farmers and laborers use, but in the case of women the illness is laid at the door of the strong tea which they drink (in some instances seven times a day) while in both sexes alcohol is said to predispose to the disease.

FORMER

Lima Clerk Died in Pickaway County.

Fred Johnson, Formerly With the Enterprise Drug Store, Is no More.

Fred Johnson whom a number of people in Lima will remember as a clerk at the Enterprise drug store about two years ago, died at his old home in Five Points, Pickaway county, yesterday after a lingering illness. Mr. Johnson was connected with the drug store before the change of proprietors occurred and left here to go to DeGraff where he remained for a short time. He then went to Toledo, where he was employed until his condition was such as to compel him to give up.

ILLNESS

Of Mrs. Catherine Conrad Ended Last Evening.

Mrs. Catherine Conrad, aged 61 years, died at her late home, 131 east Edward street, at 7 o'clock last evening, death resulting from Bright's disease after a long illness. The deceased is survived by four sons—W. H. C. E. G. W. and J. A. Conrad. Funeral services will be held from the residence at 1 o'clock, Monday afternoon.

SAD NEWS

Received Yesterday Afternoon by Lima Ladies.

Mrs. Harry O'Brien, of north Main street, and Mrs. Joseph Kennington, of 904 Bellefontaine avenue, were called to Lorain, O., yesterday afternoon upon the receipt of a telegram which announced that their sister, Mrs. L. B. Seltett, was dying.

FIRE ALARM

Sent in From Box Thirty-five This Afternoon.

The fire department was called out this afternoon by an alarm from box 35, at Market and Jackson streets. A small blaze had started in the upper portion of a house owned by H. M. Colvin, and situated on south Jackson street. The damage will not exceed \$15.

TROUBLES

Of the Board of Public Service Begin.

The Selection of a City Civil Engineer a Duty

That the New Officials Have Not Yet Been Able to Agree Upon—Board Will Meet Again This Evening.

The republican municipal precinct behind which the members of the new board of public service preside is crowded with representatives of the G. O. P., who are hungry and the troubles of the new board have commenced. The board held two sessions yesterday and will hold another this evening. The duty of selecting a city civil engineer is one that seems to give the members considerable trouble. There are three members of the board and each has a republican friend who would like to draw the \$5 per diem salary of engineer. A compromise has been suggested which contemplates the re-appointment of Walter Toy as engineer, and the appointment of Bob Gamble and Al McAndrew as engineers in charge of the new water works construction work.

STRUCK

By an Automobile at Noon Today.

Joseph Daller Has a Collision With a Red Devil But Escaped Injury.

The excitement attending an automobile accident, drew a large crowd to the corner of High and Elizabeth streets, just before noon today but it resulted fortunately for the victim, Joseph Daller, proprietor of the jewelry store in the northeast corner of the square.

Mr. Daller was crossing at Elizabeth street, toward the post office, when an automobile, driven by Emmett Curtis, struck him. Mr. Curtis had just from in front of the Manhattan restaurant, and his machine did not have a great deal of speed. Mr. Curtis guided his machine to escape a collision, and Mr. Daller tried to dodge the "red devil," but the machine struck him and ran over his leg. An examination proved that he was not seriously hurt, and he was able to return home without assistance.

THREE MONTHS

of "Boss" Shepherd Has Been Travelling.

Over on the Backs of Natives Over Trails Never Trod by White Men.

May 2.—The body of Alexander R. Shepherd, the noted Washington from the west, arrived in Chicago today after a journey over the Rock House route to Washington. He died last December in a place of batapolls in the mountains. The body was being carried eastward for over three months. In many respects it is the most remarkable funeral of modern times. The body was carried by mule and political carriers by the Great Canyon district of the Madrean along trails that a man's foot has never trod and mountains torrents to Chihuahua. There, with great ceremony, the body was given up to America.

A WOMAN APPEARS.

Munich, May 2.—Prince George of Bavaria was about to enter his carriage in front of a store here today, when a handsome well dressed woman sprang in beside him and refused to leave crying out that she had claims on the Prince for protection. She was placed under arrest.

BOMBS THROWN.

Constantinople, May 2.—Word was received this morning that the acting German consul at Salonica was injured in an explosion which wrecked the Ottoman Bank there yesterday. The explosion was caused by dynamite bombs thrown by anarchists. Many Bulgarians are reported to have been killed by this explosion and other bombs thrown during the day.

ODDS ON YANGER.

Louisville, Ky., May 2.—This is the mecca of the sports today. It is derby day and a big string of horses will contest for the purses, on Churchill Downs. "Early" is favorite, with very slight odds. Experts claim the race an open one for eight entries but the odds favor Early 4 to 5. In the evening the Benny Yanger-Kid Broad prize fight will be on before the Southern Athletic club. The feather weights are both in the pink of condition with the betting at 9 to 10 on Yanger.

FATAL FIGHT.

Chicago, Ill., May 2.—John Hamilton, bartender in the "Derby" saloon at Clark and Huron streets, was shot and killed early this morning by two "hold ups." The would-be robbers entered the saloon and ordered Hamilton to elevate his hands. The latter reached for his pistol and opened fire. The robbers turned to flee and in the running fight, the bartender was shot in the eye.

BACK TO AUSTRIA.

New York, May 2.—The Austro-Hungarian Ambassador and Madame Macgillivray sailed for Europe today and will not return to Washington until late fall or early winter.

THE WEATHER.

Wednesday, May 2. For Ohio, fair, warmer; tonight, Sunday, fair, warmer; next day, Sunday, fair, warmer; next day, Sunday, fair, warmer.

The crop of wheat is good. However, the crop of corn is not so good. The crop of oats is not so good. The crop of soybeans is not so good.

Russia has again shown the world that she is the equal of all in diplomacy. Her own Hay has reason to regret that he allowed himself to be put out of the world power center by a formal protest against that country's policy toward Manchuria. It is not good statecraft to be hastily pulled into unnecessary and uncalled-for quarrels with other nations, and that nation way down deep, the most friendly of all to this country.

The good seed sown by the Times-Democrat in vigorously calling the attention of the cities along the Miami and Erie canal to the concerted action on the part of eastern Ohio to secure a ship canal through that section, is beginning to bear fruit. The democratic senatorial convention demanded quick and forcible action from its members, who will be elected this fall, and, every city from Toledo to Dayton has taken the question up in earnest. Toledo and Cincinnati, the gateways through which all traffic would go should the Miami and Erie be chosen, should unite in a strong pull for that end.

A SAD LOSS.

A good many queer things come out of Kentucky, but this gem from the Winchester Democrat, eclipses anything we have ever seen.

Mrs. Annie Lawrence, of near Winchester had a chicken hen go to the creek and wade in the water, and spread her wings out on top of the water and lay five eggs. The first time Mrs. Lawrence saw her, she thought a turtle or something had hold of her. When she went to lay her sixth egg, Mrs. Lawrence had company to come and she killed her for dinner.

It will always be a source of deep grief to us that Mrs. Lawrence had company to come at such an inopportune time. We do not blame Mrs. Lawrence for she was undoubtedly saved by conflicting emotions. The sight of a floating chicken hen laying eggs in rapid succession would rattle even the ancient mariner. Mrs. Lawrence undoubtedly killed the chicken hen before she knew what she was doing. If she had not had company to come, the hen might have been spared.

It is too bad. She was probably the only marine hen in the country, and now she is gone. We will bet that it has never occurred to Mrs. Lawrence to persuade another of her chicken hens to hatch those five eggs. Toledo Bee.

PROPER ENCOURAGEMENT.

When the democrats at Wapakoneta last Wednesday gave 1000s. Berry, one of the nominations for senator, they did not know they were actually lending strength to the struggle against "race suicide" by giving encouragement to a democrat who believes in the injunction "to multiply" democrats. Mr. Berry is the father of thirteen children, ten of whom are boys, and coming disciples of the faith of the father.

CONGRESSIONAL TIMBER.

The old saw that you can't down an Anglaise county politician, particularly when he has an Allen county man to help him, was well illustrated yesterday forenoon, when Hon. J. C. Ridenour, looking anything else than a farmer appeared on the square—he never did look otherwise—atop a wagon load of congressional garden seeds which with the assistance of a gentleman of color, he distributed gratuitously to agriculturists, merchants and oil producers without fear or favor. The story connected with it, though Mr. Ridenour has not verified it, is that Bob Gordon through some channel knowledge of which only comes through congressional education got control of all the garden seeds apportioned to Garber for the next two years and shipped them out to his own valued constituents. The whole affair points a moral. Mr. Ridenour is good congressional timber.

CERTAINTY IN MEDICINE

How the Sufferer from Diseases May be Sure to Get the Right Remedy.

We all like certainty. In whatever we undertake, we like to feel sure that the result will be what we desire. When we start on a journey we first satisfy ourselves that the road we travel will lead to the desired destination. Above all, when we are sick we wish to be certain that the medicine we take will make us well.

In deciding what medicine to buy and take, we have two infallible guides—knowledge and experience. If we inquire what medicine is known to be honest and effective, the answer will be "Hood's Sarsaparilla." This medicine is prepared by men who know how, and who are conscientious in their work and careful of their reputation. Besides, experience is constantly verifying all that is claimed for this preparation.

If you read carefully the testimonials of those who have taken Hood's Sarsaparilla you may be surprised at the great variety of diseases which it cures, but you should remember that this is a peculiar medicine—not in any sense magical, but so peculiar and so perfect in combination, proportion and process that it goes right to the diseased part and makes it whole.

Hood's Sarsaparilla responds to the universal desire for certainty in medicine. Those who have impure blood may take it with absolute confidence that it will make their blood pure. Men and women who are tortured by rheumatism may know from a fair trial that relief is given by Hood's Sarsaparilla. Sufferers from dyspepsia, catarrh, scrofula, salt rheum, that tired feeling may take this medicine and be certain that it gives complete and permanent relief.

Hood's Sarsaparilla is made to cure, and it does cure—certainly, absolutely, permanently. It is the one great certainty in the field of medicine, confidently depended upon in thousands and thousands of homes, year after year, for restoring and maintaining that greatest of earthly possessions, good health.

The Missionary Society of the Market street Presbyterian church, held an apron sale and exchange this afternoon in the basement of the church. There will be all kinds of exchange.

THE BIG OIL DEAL

Verified by Authorized Press Dispatches From the London End.

International Petroleum Company With Ten Million Capitalization Organized in London With American and Paris Connections. Partial List of Properties Taken.

The flotation of very large oil interests in Hancock county, Ohio, and in Indiana, through the intervention of Chas. M. Schwab, and in which Dr. Waterhouse and Mr. M. J. Sullivan, of this city, has verification from London, through the Houston Post, which says:

"The Post is in a position to make the first authoritative announcement in America of the approaching flotation of the International Petroleum Co., limited of London, with important New York and Paris connections. Lord Dunmore is the chairman and Messrs. Humphrey (an American) and Ashby (an Englishman) are the promoters. This information is taken from official documents courteously supplied for exclusive use in the columns of the Post. The facts are interesting because they cover the leading conditions under which certain well-known Texas properties have been acquired by this London combination, and the flotation will undoubtedly turn out to be the most sensational and ambitious of its kind ever ventured upon on this side of the Atlantic."

The company has been formed with a share capital of \$10,000,000. Texas oil men will best grasp the scope of the different deals by reading the following condensed descriptions of the properties acquired.

Emerson Pridley—Five hundred and eighty-two acres perpetual leasehold.

Geneva, Ind. Thirty producing wells, fully equipped. Ample storage capacity. Average daily production 175 barrels. Cost of production 18 cents per barrel.

Central Western Oil Co.—Eight thousand nine hundred and thirty-nine acres perpetual leasehold, Geneva, Ind., 179 producing wells, fully equipped. Ample storage capacity. Production November 18 1901 to January 21, 1903, 173,502 barrels. Cost of production oil, 20 cents per barrel.

Exchange Oil Co.—Four thousand and forty-six acres (freehold and perpetual leasehold), Wood county, Ohio; 262 oil wells, fully equipped. Ample storage capacity. Production of oil 1901, 210,600 barrels, 1902, 253,785 barrels. Cost of production oil 31 1/2 cents per barrel.

The Allen & Drenay, Drenay, Allen & Noble, Allen & Co., Allen & Sternberg, Allen & Taylor, W. O. Taylor Co., Applebee & Taylor and Allen, Taylor, Olds & Co., properties are a combination of leases bought outright and are as follows: 4,252 1/2 acres, Hancock, Mercer, Anglaise and Wood counties, Ohio, 325 producing wells fully equipped. Ample storage capacity. Production of oil 1902, 241, 571 barrels. Cost of production 29 cents per barrel.

A full description of the Texas properties is given in addition to the above. It is the intention of the company to handle its Ohio production by a pipeline to Montreal, Canada.

SPRING AILMENTS.

The manifest need of purifying the blood in the spring is greater in some individuals than it is in others; but the need is almost universal.

The ailments familiarly known as Spring Ailments have their origin in a vitiated condition of the blood.

The prevalence of this condition in the spring is easy of explanation, but it need not be explained here.

Among spring ailments, so-called, are, first: Such as are cutaneous: Pimples, boils, eczema and other eruptions; second: such as are functional: loss of appetite, fits of biliousness, indigestion and headache, that tired feeling and general lassitude; for a vitiated condition of the blood affects all the organs and tissues—it is a condition in which this fluid circulates an accumulation of waste matters which litter the system and clog its processes.

You have one or more of these spring ailments yourself, or you are one of the rare exceptions to the rule. It is at least a fair assumption that you, like most people, need to purify your blood this spring.

Now what will you take? What may do the work or what will do the work? Hood's Sarsaparilla and Pills will do it.

This statement is verified by the experience of thousands annually.

Hood's Sarsaparilla and Pills combine the most potent blood-purifying, kidney-stimulating, liver, bowel and stomach cleansing, and strength-giving substances, carefully selected and prepared by fully educated and eminently skillful pharmacists.

They fulfill (as the physicians say) all the indications of all Spring Ailments—that is, meet all their requirements,—purifying the blood and so acting on the organs of digestion and secretion as to make their effects on the blood permanent.

They will cure that eruption on your face or body, that tired feeling, that loss of appetite, that fitful biliousness, headache or indigestion from which you are suffering this spring.

Accept no substitute for Hood's Sarsaparilla and Pills.

FUNERAL

Of Mary Brice Ritchie at Wyoming Yesterday.

The Interment Was Made in Beautiful Spring Grove Cemetery Near Cincinnati.

Beneath the bright rays of a May day sun and surrounded by great masses of fragrant flowers, the remains of Mrs. Mary Brice Ritchie were yesterday afternoon placed at rest in beautiful Spring Grove cemetery; there to await the resurrection summons when all who have departed in the Christian faith shall appear before the great white throne.

The funeral services were conducted by Rev. Horton, in the Presbyterian church, of Wyoming, which was filled to overflowing by the friends of Mrs. Ritchie, assembled to pay their last tribute of regard to one who had been closely identified with the church since her removal to Wyoming ten years ago. The church was luxuriantly decorated by banks of rare flowers from the many friends of the deceased and an eloquent sermon, full of beautiful thoughts suggestive of the life and character of Mrs. Ritchie, was delivered by Rev. Horton.

The Cincinnati Post of Thursday contained the following tribute indited by one of Mrs. Ritchie's close friends in Wyoming:

In Memoriam Mary Brice Ritchie. "Death lies on her like an untimely frost Upon the sweetest flower of all the field."

The heartfelt sympathy of their many friends goes out to Mr. Edwards Ritchie and his little family in the loss they have sustained in the death of the beloved wife and mother, Mary Brice Ritchie.

Her death has cast a gloom over the whole community of Wyoming where she has lived during the ten brief years of wedded life.

Blessed with a glorious voice she was ever ready to use it for her friends, for the church and for social charity's sake. While many grief-stricken hearts in houses of mourning have been comforted by it.

At the time of her death she was an active member of the Presbyterian church and choir. She was a loving wife and devoted mother, a kind neighbor, a true friend and a brilliant woman, loved by all. Besides her husband, she leaves three bright children, a devoted mother, sister and brother to mourn her passing away.

A FRIEND

AGED LADY ILL.

Mrs. Monica Reis, is very ill at the home of her daughter, Mrs. G. W. Schertz of St. Johns avenue. If Mrs. Reis lives until next Monday, she will reach the 89th mile stone in her journey, but on account of her advanced years, there is little hope for her recovery.

RESOLUTIONS OF RESPECT.

The following are resolutions as adopted by Cairo Temple, No. 17, Ladies of the Golden Eagle, of West Cairo, O.:

Whereas, it has pleased the Supreme Creator of us all, to remove from our Temple, our late companion, Zillah Van Buskirk, be it

Resolved, By Cairo Temple, No. 17, L. G. E., that while we bow with humble submission to the will of our Father, we do not mourn the loss for our departed companion. Also that in the death of Zillah, this Temple lost a companion who was a faithful and worthy member, who was always at the post of duty, and ever ready to do that which would benefit a companion, and to do everything for the welfare and prosperity of the Temple.

Resolved, That the heartfelt sympathy of this Temple be extended to her friends and relatives in their affliction.

Resolved, That a copy of these resolutions be spread upon the records, and a copy be sent to the mother of the deceased.

A PROMINENT COLLEGE MAN.

One of Indiana's Useful Educators Says: "I Feel Like a New Man."

MR. JOHN W. MENG.

Mr. John W. Meng, 54 Jefferson Ave., Indianapolis, Ind., State Representative of Indianapolis Business College, writes:

"I firmly believe that I owe my fine health to Peruna. Constant travel and change of food and water wrought havoc with my stomach, and for months I suffered with indigestion and catarrh of the stomach. I felt that the only thing to do was to give up my occupation which I felt very reluctant to do. Seeing an ad. of Peruna as a specific for catarrh I decided to give it a trial, and used it faithfully for six weeks, when I found that my troubles had all disappeared and I seemed like a new man. I have a bottle of Peruna in my grip all the time, and occasionally take a few doses which keeps me in excellent health." John W. Meng.

THE most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh.

Hon. Willis Brewer, Representative in Congress from Alabama, writes the following letter to Dr. Hartman: House of Representatives, Washington, D. C.

The Peruna Medicine Co., Columbus, O. Gentlemen—(I have used one bottle of Peruna for indigestion, and I take pleasure in recommending it to those who

need a good remedy. As a tonic it is excellent. In the short time I have used it it has done me a great deal of good." Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, Post Office Box 103, The Hartman Sanitarium, Columbus, Ohio.

THE IDLER.

One of Lima's young, but active politicians had an experience at the senatorial convention at Wapakoneta, which is just beginning to go the rounds. Several of the delegates from the county were occupying the same room, and the Lima man, who found an open window and few bed clothes acting in harmony to chill the marrow in his bones, arose and closed the window. As he turned around, the noise awakened a Hercules from Delphos, who sprang from his bed and grappled with what he supposed was a midnight burglar. It didn't take many seconds to discover the mistake, but if you notice one of the delegates tenderly stroking his Adam's apple you will have discovered the victim, and the means adopted to prevent his escape.

A delegation of Lima Council Knights of Columbus, will go to Marion tomorrow morning, to attend the initiation of a large class into the order.

It is perhaps not generally known that C. W. Risley, a resident of Lima, is interested as part owner with his brother, and other stockholders in the development of some of the most valuable stone quarries in the state. Mr. Risley resides in Lima, but spends a portion of each week near Waverly, Pike county, looking after the excavations and shipment of the material. They expect to ship about 250 carloads for use on Pennsylvania lines this summer, and are working a big gang of men to fill pressing orders elsewhere. About fifty cars of the Waverly stone have been used in Lima within the past few months.

NEW YORK NEWS LETTER.

New York, May 2.—Politicians here who are in a position to know and who are keeping close touch with President Roosevelt even though he is touring the country, are authority for the statement that he is much concerned over the rent in the Republican machine, which, if not mended, will seriously imperil Republican success in this state. Republicans who are really optimistic or who believe in political wisdom to assume cheerfulness make light of the matter, but the Democratic view, or hope, is that the friction between Senator Platt and Governor Odell have and will continue to engender animosities that will make a harmonious and effective organization impossible. This hoped for demoralization, especially if a popular New York man like Judge Parker should be the Democratic nominee on a platform satisfactory to the east, would more than likely place New York in the Democratic column.

There is nothing but idle gossip in the statement that President Roosevelt may lose the New York delegation in the National Republican convention or that he may be compelled to deal with Governor Odell for their votes. The governor is thoroughly aware of Mr. Roosevelt's popularity and knows that it would be futile to lead a movement against him. The dissension among party managers may have some effect upon state campaigns, but it cannot prevent the standing of the delegation for Mr. Roosevelt for the presidential nomination.

Without a doubt Grover Cleveland is one of the most talked about men of the day. Everything he says nowadays seems to receive respectful attention and his speech at the dedication exercises of the St. Louis exposition is being discussed everywhere. New York politicians and editors who have always been unfriendly to him are now inclined to compliment the ex-President and while it is believed that no one regards Mr. Cleveland's nomination by the Democratic party as even possible, there are hundreds of people possessing a high order of political intelligence who express the

opinion that he is the strongest man that could be nominated against Roosevelt.

Spring entertaining is becoming less and less fashionable in New York and the consent to drop the post-Easter festivities that have constituted heretofore the "between seasons" is more general than ever. The spring pilgrimage to foreign lands has begun and from now on the passenger lists of the large transport Atlantic liners will be filled with the names of notable. Everyone seems anxious to take the annual European trip earlier in order that they may return in time for the galas of the various fashionable resorts.

The experiment of a children's court in Manhattan has proven so great a success that it has been decided to extend the system to Brooklyn. Robert J. Wilkins will be judge of the children's court in that borough with a salary of \$6,000 a year. Mr. Wilkins is superintendent of the Brooklyn society for the prevention of cruelty to animals and is a well-known lawyer.

After years of waiting, it now looks as though the International Mercantile Company and the Cunard Company will in the near future be permitted to construct the 1,000 foot long pier on the North River which they want in anticipation of constructing larger ships. The harbor line of the city will be projected 200 feet further into the river, which will permit the construction of piers of the desired length.

cular features of a world's fair, with spacious courts and avenues, canals, lagoons and elaborate illuminations similar, but on a smaller scale, to those of the exposition at Buffalo. There are colonades and peristyles to aid the architectural effect, and scattered about the grounds are 132 towers for electrical display. The structure cost \$1,000,000 and will be the scene of an "Indian Congress" this season, in which representatives of all the tribes will take part.

The efforts to make Lakewood a favorite of horse lovers is not meeting with flattering success owing to the inexperience and blunders of those endeavoring to foster interest in the horse. The New York men who have their families in Lakewood for the season and have only Sundays to exer-

cise their steppers, find, to their amazement, upon driving out on the speedway constructed this year at great cost, that no driving is permitted on Sundays and to emphasize this Puritanical rule huge chairs are drawn across the entrance. The fact that the speedway exists, is rapidly being forgotten.

Speaking of things "horsey" it is said that enough money is not being made for the public for the sport provided at the race tracks. Mayor Rogers was still absent from the city on this, the last court day of his term of office, and Justice J. W. Mowen, officiated at the bar of justice in police court. There were quite a number of cases to be disposed of, and the grist was turned out with both neatness and dispatch.

Wm. Haley, an old offender, who was locked up two or three days ago, for assaulting James Place on east Pearl street resident drew the capital prize of the day's distribution. He pleaded guilty to a charge of assault and battery, and was sentenced to 'do' sixty days in the Toledo work house.

Lost His 'Leather.' Last night a young man giving his name as Clyde Rorer complained to the police that he had lost a pocket book, containing \$14. He said he had visited Katherine Nugent's resort, opposite the Pennsylvania depot, but could not say positively that he had been robbed there. He was locked up to be held as a witness, and a squad of officers raided the Nugent resort, where they arrested the proprietor, Verna Johnson and Eliza Keady. This morning Rorer was unable to prove that he had lost his "leather," at the resort in question,

The business session of the last city council under the old order of municipal affairs was held in the council chamber last night with president Overly in charge of the gavel and all members present except Messrs. Shanahan and Keuthan.

The gas company and city water works department were instructed to put in service connections on Cole street and Lakewood avenue along the line of the proposed paving.

The finance committee submitted a report recommending that the council follow suit with the board of health and release the city employees of the street department, on account of the depleted condition of the street fund. The committee also recommended that the new council pass an ordinance providing for a vehicle tax and that the council be asked to turn over to the city a portion of the road fund. The report was adopted.

The bridge committee reported the completion of the south West street bridge and recommended the acceptance of the structure. The report was adopted.

Attorney D. C. Henderson presented a claim for \$2,500 damages for his client, a Mr. Reed, who was injured some time ago and who claims the in-

jury is a permanent one and was caused by a defective sidewalk. The matter was discussed for nearly an hour and was then disposed of by motion of Mr. Newson to refer it to the board of public service.

The finance committee recommended the payment of bills aggregating as follows:

Bridge fund	\$ 4,750.00
General fund	1,396.63
Fire fund	1,115.80
Haller street grade fund	12.50
Light fund	1,757.90

A CORRECTION.

One of those peculiar, exasperating, and unpleasant errors which from time to time find place in newspapers, occurred in yesterday's issue of the Times-Democrat in relating the serious illness of that veteran, and excellent citizen, John P. For this gross error, the Times-Democrat craves the pardon of Mr. Sullivan and his excellent family.

Word comes from the home of Engineer Kersker today that he has almost entirely recovered from the shock received in the wreck near Toledo, and has announced his intention of resuming his run on the accommodation, next Monday.

There is another source of worry to him, however, as his mother, who makes her home with her daughter, Mrs. Frank Zink, of 1040 north Main street, is reported as lying at the point of death. Mr. Kersker is able to be up, and will go to his mother's bedside today.

In the aftermath of the wreck mention was made of a pug dog belonging to Engineer Kersker, which escaped injury, and had been found and taken to Toledo. The dog was cared for until word was received to whom it belonged, and this morning, it arrived home by express. Mrs. Kersker, who is not the least inclined to be superstitious, has renamed the pug, and he will wear a collar bearing the inscription, "13."

LIFE RESUME

**Of the Late Pioneer Citizen,
Joseph Morris.**

Joseph Morris, whose sudden death at his home on north West street was chronicled Monday April 27th was born in Charleston, Wales, Dec. 25th 1844. When nine years of age he came to America and resided in Buffalo until 1879 when he moved to Lima and engaged in the lumber business, which he followed until his death.

In 1876 he was happily wedded to Miss Louis Holland who with his sons, Walter and George survive him.

During the Civil war Mr. Morris served with distinction in the N. Y. volunteers, was wounded in the battle at Gettysburg, taken prisoner and confined in Andersonville prison where deprivation and exposure caused his permanent ill health. After the organization of the G. A. R. and U. V. U. he was always an active and ardent comrade.

In lodge life he was a member of Lima Lodge, 205 F. & A. M., Lima Chapter, 49, R. A. M., Lima Council 29, R. & S. M., Shawnee Commandery, K. T. and Odd Fellows.

In his religious life and belief he was a faithful communicant of Christ church, Protestant Episcopal, of which parish he was one of the earliest members, and at one time a vestryman and treasurer.

A YOUNG SOLDIER.

Clarence Blair, the fourteen year old son of Mr. and Mrs. M. V. Blair has all the patriotic instincts of the boys of '61. When it was known that Co. C was to attend the dedication exercises at St. Louis, he earnestly asked his parents for permission to go as an attaché. Permission being refused at home, he easily gained admission to army circles, and went along as "A Little Boy Blue."

Young Blair is bright, and his parents are deservedly proud of him.
